

## **75th U.S. Postmaster General – Fire Mr. DeJoy!**

Louis DeJoy is doing a terrible job and should be removed immediately.

I expect on time and excellence performance from the USPS since became Postmaster General he has “shot the USPS in the foot” – they are hobbling along. Mr. DeJoy needs to be removed immediately.

Four Christmas Cards (2020) mailed the first week of December, arrived the Last week of February!

I receive my Medications through the mail, they have not been on time since early spring 2020. I order 2+ weeks in advance and they still arrive late.

As a volunteer board member, I am required to mail documents via USPS to our members, and they are now taking over 10 days to arrive, before Mr. DeJoy, I could expect delivery in 2days.

Mr. DeJoy’s 10 year plan is a Farce!.

Under Ms. Megan Brennan, things were running fine...

All he, Mr. DeJoy is trying to do is to push citizens toward the for profit delivery services.

Thank you,
